

GUERNSEY COUNTY COMMISSIONERS MEETING SUMMARY

On May 5, 2026, the Guernsey County Commissioners met with the County Engineer to review project updates and infrastructure matters.

The discussion included updates on grant funding, with expenditures expected to be reported in an upcoming cycle. Officials also reviewed a proposed development along Vocational Road and discussed traffic and safety considerations due to the location.

Additional topics included ongoing Land Bank efforts and a resident drainage concern, with the Engineer providing clarification on maintenance responsibilities.

No action was taken during the meeting.
